

BUSINESS PARTNERSHIP COLLABORATION

Collaboration Proposal For Your Clinic

We are seeking to visit your clinic for a professional video shoot as well as a luxury photoshoot. Our production team wants to record specific dentalcare strategies such as dental implants, root canal, fillings, teeth whitening, adding/removing braces, and dramatic before & after results that showcase the precision and care of your clinic.

GrowBro will provide you with professional and luxury branded videos customized for modern social media algorithms. We will showcase these videos both on your and our Instagram feeds, as well as embedded directly on your website. If you don't have a website, we will build one for you including a mobile app for android and ios as part of our premium partnership scope.

Our aim is to help you get more brand awareness via social media and thus you get more business revenue.

Dental Clinic Video Portfolio

Dental Clinic Video 1:
